Dealer Locator

- Free Web Advertising
- Free Customer Referrals
- A Way for Customers Around the World To Find Your Business

Would you like to be added to the dealer locator page of our web site?

On this page end-users are able to look up certified Tri-Technical Systems Software dealers in their area. To be a part of the locator page you must be a certified Tri-Technical Systems Software dealer. This means you must have a current Dealer Programmer package for the register manufacturer you want to sell our software for and you are able to offer customers support on the software. In exchange for being on the Dealer Locator page, we would appreciate a link to Tri-Technical Systems Software from your web site. (For Tri-Tech logos & software images to use on your website, please check out: <http://www.technology4retailers.com/t-tritechlogos.aspx>)

Would you like your dealership listed on the Dealer Locator page? Yes ___ No ___

To reach the Dealer Locator go to www.technology4retailers.com/t-pcpoll.aspx and click on **Dealer Locator**.
