## **Software Advice Names AIMsi in FrontRunners Quadrant for Retail Software.**

Dubuque, IA February 1st, 2018 —Tri-Technical Systems announced today that AIMsi was placed on the FrontRunners quadrant for Retail software.

FrontRunners is published on Software Advice, a trusted resource for software buyers. FrontRunners evaluates verified product data and end user reviews from [softwareadvice.com](http://softwareadvice.com), [capterra.com](http://capterra.com) and [getapp.com](http://getapp.com), positioning the top scoring products based on capability and value for small businesses.

To date, AIMsi has received 135 reviews and averages a 4 out of 5 star-rating on Software Advice. AIMsi is a completely integrated and robust point of sale and retail management solution that offers inventory control, automated purchasing, customer management and loyalty programs, sales reporting, employee security and more. AIMsi is a module-based POS software tool.

An example of one of the valuable reviews is feedback left by one of AIMsi's customers, Mark. Since 1986 Mark Henkels has owned and operated Deluca Music, Co.

*"I've been using this software since it was in DOS! The improvements over the years have helped our business run more efficiently and given us the ability to provide better service for our customers." – Mark from Deluca Music Co.*

### **About Tri-Technical Systems**

Since its foundation in 1984, Tri-Technical Systems has become an industry leader in providing business solutions for retailers. Over 4,500 retailers across the United States and Canada are growing their business with greater predictability and more profitably with the help of Tri-Tech's product suite. For more information, visit [www.technology4retailers.com](http://www.technology4retailers.com).

#### **REQUIRED DISCLAIMER:**

The content for the FrontRunners quadrant is derived from actual end-user reviews and ratings as well as vendor-supplied and publicly available product and company information that gets applied against a documented methodology; the results neither represent the views of, nor constitute an endorsement by, Gartner or any of its affiliates.
